-This is the 'Edit Trip' page too when 'Edit Trip' is clicked on the dashboard page

trip dashboard with budget spent and category pie chart

All expenses page to see all logged expenses.

-They will be color coded by category to match the pie chart colors

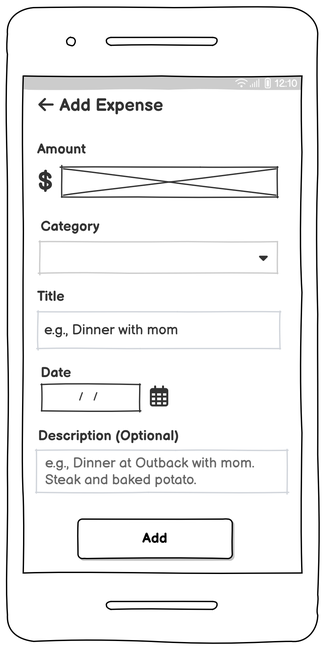

Pop up box to verify deleting an expense

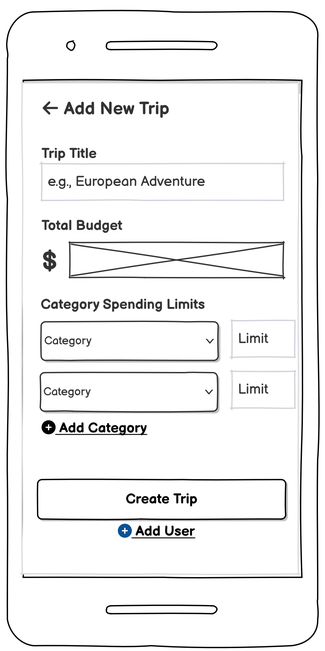

Page to add a new expense

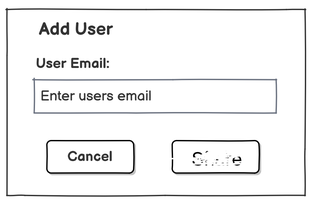

-This is also the Edit Expense page when 'Edit' is clicked on the the All Expenses page

Stretch feature 1: To add another user to a trip so they can add, edit or delete expenses. An 'Add User' link will be added to the 'Add New Trip' page

Pop up box for adding a user

Stretch Feature 2: The '*User:' is part of the stretch feature that will allow users with shared trips to see who added each expense. This will help Daniel with his goal of seeing which expenses he added versus his wife.
